

Nepean Redevelopment Stage 1

The NSW Government has committed \$550 million to deliver Stage 1 of the Nepean Redevelopment.

The Nepean Redevelopment will provide Penrith and its surrounding areas with contemporary, integrated clinical and community-based health services to meet the communities' needs well into the future.

This significant funding commitment is in addition to the \$26 million allocated to construct a multi-storey car park.

The redevelopment will include:

- A new clinical services block
- A new and expanded Emergency Department
- Expanded and upgraded medical imaging
- At least 12 new operating theatres
- 18 birthing suites in new accommodation, an increase of ten
- A new Neonatal Intensive Care Unit
- More than 200 overnight beds in new accommodation
- A new helipad
- New community health services

Interim works

In parallel with the redevelopment, the following works will be progressed as soon as possible by the lead design team:

- The expansion of medical oncology services with the doubling of chemotherapy chairs from 15 to 30
- The NBMLHD will progress the following:
- Planning for construction of a third radiation therapy bunker and linear accelerator
 - Relocation and replacement of existing MRI
 - Upgrades to Emergency Department (including dedicated paediatric assessment and safe assessment rooms)
 - Refurbishment to provide additional birthing suite
 - Some expansion to day surgery

Now

- Ongoing project user groups to determine the design requirements for each unit
- Consultation with key health representatives and organisations connected to the Nepean Hospital
- Progression of interim works
- Establishment of consumer committee to contribute to the planning process
- Preparations for administrative staff relocation ahead of the demolition of the Pialla Building

Next

- Schematic design user groups commence to determine the design of each unit
- Progression of interim works
- Establishment of project signs around the hospital campus
- Construction of multi-storey car park which is scheduled for completion in late 2018

Who is planning the redevelopment?

Health Infrastructure, in partnership with Nepean Blue Mountains Local Health District (NBMLHD), oversees the \$550 million Nepean Redevelopment on behalf of the NSW Government. Health Infrastructure manages the planning, design and delivery of all health infrastructure capital works over \$10 million throughout NSW.

A dedicated project team has been established, lead by Health Infrastructure with representation from NBMLHD and Nepean Hospital staff.

A lead design team has been appointed and is tasked with developing the redevelopment's master plan and design. It has representation from CBRE (Project Managers), BVN Architecture Ptd Ltd, and MBMpl (Cost Managers).
